

Virtual Raw Materials InfoDay & Virtual Matchmaking Meeting

InfoDay

15 December 2021

Time: 10:00 - 13:00

On-line event: Zoom®

Matchmaking Session

15 December 2021

Time: 14:30 - 16:15

On-line event: Zoom®

The EIT RawMaterials is a platform for innovation funded by the European Institute of Innovation and Technology (EIT). The EIT has created the so-called KIC - Knowledge Innovation Communities, communities that aim to promote innovation and education in Europe in crucial sectors, supporting entrepreneurship and enhancing the passage of new ideas from the incubation phase to the market. The EIT RawMaterials, which since 2016 has established one of its nodes in Rome, is particularly committed to addressing the global challenge of supplying raw materials in Europe through programs and projects that aim to develop technology throughout the entire value chain of raw materials: from the exploration of resources, to the mining industry, from metallurgical processes to the replacement of critical or toxic raw materials, from the recycling of end-of-life product materials to the design of products for the circular economy.

As part of regional development programs, the EIT RawMaterials has created a Hub in the Puglia Region, coordinated by ENEA and participated by CNR, in order to increase the involvement of the local ecosystems in the activities of KIC and its partnership. The Regional Center Southern Italy (RCSI) will also aim at reaching new organizations and promote the participation of the most innovative industries, companies, SMEs, start-ups and spin-offs, as well as the involvement of the prestigious Universities and Research Centres in the RIS area.

The morning Infoday virtual meeting and the Matching session in the afternoon represent a chance to know deeper the opportunities offered by the EIT Raw Materials to the Southern Italian stakeholders (start-ups, spin-offs, SMEs, companies, research groups, university students, innovators, entrepreneurs).

Agenda InfoDay

- | | |
|---------------|--|
| 10:00 - 10:15 | Opening and Welcome
Dario Della Sala, ENEA
Pier Luigi Franceschini, EIT RawMaterials CLC South, Rome |
| 10:15 - 10:30 | Michele Penza, ENEA - Mission of the EIT RawMaterials Hub - Regional Center Southern Italy, Brindisi |
| 10:30 - 10:45 | Pier Luigi Franceschini - Mission of the EIT RawMaterials CLC South, Rome |

- 10:45 - 11:00 Fabio Pegorin - EIT RawMaterials Funding Opportunities for Business Creation & Innovation, Rome
- 11:00 - 11:10 Fabio Ferri - EIT RawMaterials Funding Opportunities for Education & Universities, Rome
- 11:10 - 11:30 Q&A
- 11:30 - 13:20 Real Time Pitch & Feedback from Southern CLC staff on Innovative Ideas (RIS Hub to select a few relevant raw materials ideas to pitch 5 mins. each - project ideas on education, innovation, startups, spinoffs, SMEs, companies)
- 10 min *Startup: **Scobyskin**, Napoli/Campania*
Topic: Bacterial nanocellulose for the cosmetics and fashion & design sectors
Speaker: Marco Abbro, Head of Section, Biologic - Knowledge for Business, Napoli
- 10 min *Startup: **Repod srl**, Cagliari/Sardegna*
Topic: IoT hardware/software device for fully-automatic high-performance urban waste management
Speaker: Alberto Sanna, Founder-CEO Repod Srl
- 10 min *Startup: **La Mia Energia scarl**, Cassino/Lazio*
Topic: La Mia Energia PV recycling solutions for the international market
Speaker: Melissa Arduini, International Relationships Coordinator
- 10 min *Startup: **9-Tech srl**, Eraclea (Venezia)/Veneto*
Topic: 9-PV project
Speaker: Pietrogiovanni Cerchier, Founder-CEO 9-Tech srl
- 10 min *Startup: **Plasmapps srl**, Modugno (Bari)/Puglia*
Topic: Plasmapps R&D for materials plasma processing
Speaker: Nella Rossini, R&D Manager
- 10 min *Startup: **Environ Governance srl**, Lecce/Puglia*
Topic: 3D printing eco-sustainable batteries for smart energy management
Speaker: Antonio Caloro, CEO-Founder Environ Governance srl
- 10 min *Startup: **REWOW srl**, Bari/Puglia*
Topic: Innovative solutions for the valorization of Used Cooking Oils
Speaker: Antonino Biundo, CEO-Founder REWOW srl
- 10 min *Startup: **Sestre srl**, Trinitapoli (Barletta-Andria-Trani)/Puglia*
Topic: Natural materials for cosmetics
Speaker: Sabrina Fiorentino, CEO-Founder Sestre srl

10 min	<i>Startup: HYMOS DYNAMICS srl, Parabita (Lecce)/Puglia</i> <i>Topic: Industrialization of a new cyber physical system (CPS) for bio-processing 4.0</i> <i>Speaker: Sebastiano Martignano, Technical Director</i>
10 min	<i>Company: STC-Italy srl, Mesagne (Brindisi)/Puglia</i> <i>Topic: STC Srl: Technological solutions inspired by innovation</i> <i>Speaker: Sabrina Urgese, Sales and Marketing Assistant</i>
10 min	<i>Company: TECHEMET GROUP, Torino/Piemonte - Guagnano (Lecce)/Puglia</i> <i>Topic: Leading company in smelting and refining of automobile catalyst</i> <i>Speaker: Alvise Marzo, Public Affairs Director</i>
13:20	End of Pitch Session
13:20 - 14.30	Lunch Break

Matchmaking Session

14.30 - 15:00	Introduction and Welcome <ul style="list-style-type: none"> • Michele Penza, ENEA • Stefano Marastoni, ARTI • Filippo Ammirati, EEN Bridgeconomy • Marco Alvisi, CETMA
15:00	Presentation of selected Incubators and Innovation Centres from RIS Area Southern Italy:
15:00 - 15:20	Knowledge for Business, Napoli/Campania Annamaria Capodanno - Shareholder Knowledge for Business - Director Innovation Village Francesca Cocco, Business Developer Knowledge for Business
15:20 - 15:35	Contamination Lab (Ba-Lab) UNIBARI, Bari Annalisa Turi, UNIBARI, Bari/Puglia
15:35 - 15:50	Contamination Lab (C-Lab) UNISALENTO, Lecce Giuseppe Maruccio, UNISALENTO, Lecce/Puglia
15:50 - 16:05	CETMA - Start Factory, a local partnership by EIT RawMaterials, Brindisi Wanda Arena, StartMan Factory, Brindisi/Puglia
16:05 - 16:15	Conclusion and Farewell

Further Information

The participation is free of charge. After registration the participants will receive a link Zoom to follow online the scheduled events *InfoDay* and *Matchmaking*.

Registration

The free of charge registration should be applied to link (therein it will be possible to choose one or both the events): https://connect.portici.enea.it/rawmaterialinfoday_15dic2021/event/registration.html

Language

English is the official language. The presentation slides will be in English, but they will be commented in native language (Italian) of the RCSI area.
